Index to Volume 2

1. Articles by Author

Aoki, Masanao. "A Comparative Dynamic Analysis of a Growth Model under Alternate Policy Regimes." 1: 1–39.

Ashley. Richard A. "Wages and Profits: A Comment." 4: 365–72.

Beckerman, Paul. "Index-Linked Government Bonds and the Efficiency of Monetary Policy." 4: 307–31.

Bigman, David. "Measuring Total Productivity Change." 2: 159–73.

Bookstaber, Richard. "The Effect of Inflation Uncertainty on 'Crowding Out.'" 1: 85–95.

Burbidge, John B. and William M. Scarth. "A Macroeconomic Analysis of Sales and Payroll Tax Cuts." 1: 63–84.

Cebula, Richard J. "IS-LM Stability and Economic Policy Effectiveness: Further Observations." 2: 181–83.

Driskill, Robert and Stephen McCafferty. "Existence and Uniqueness of Stochastic Equilibrium in a Simple Macro Model." 1: 97–102.

Fields, T. Windsor and Nicholas R. Noble. "Rational Expectations and the Short-Run Phillips Curve: Comment." 2: 185–86.

Finkelstein, John M. "A Note on the Stabilization Impact of Asset-Side versus Liability-Side Constraints." 4: 351–64.

Harrison, Glenn W. "The Stock-Flow Distinction: A Suggested Interpretation." 2: 111–28.

James, Robert G. "A Restatement of the 'Narrowing Cells Test' of the Permanent-Income Hypothesis." 3: 233–38.

Johnston, Jack. "The Elusive Phillips Curve." 4: 265–86.

Katsimbris, George M. and Stephen M. Miller. "Distribution Effects and the Business Demand for Money." 4: 287–305.

Lahiri, Kajal. "Rational Expectations and the Short-Run Phillips Curve: Reply and Further Results." 2: 187–92.

McCafferty, Stephen and Robert Driskill. "Existence and Uniqueness of Stochastic Equilibrium in a Simple Macro Model." 1: 97–102.

Miller, Stephen M. "Dynamic Monetary and Fiscal Policy and the

Government Budget Constraint: A Growth Equilibrium." 3: 199–212.

———. and George M. Katsimbris. "Distribution Effects and the Business Demand for Money." 4: 287–305.

Mitchell, Douglas W. "The Relation between Alternative Choices of Monetary Policy Tool and Information Variable." 3: 247–56.

Noble, Nicholas R. and T. Windsor Fields. "Rational Expectations and the Short-Run Phillips Curve: Comment." 2: 185–86.

Sato, Ryuzo. "Adjustment Time and Economic Growth Revisited." 3: 239–46.

Scarth, William M. and John B. Burbidge. "A Macroeconomic Analysis of Sales and Payroll Tax Cuts." 1: 63–84.

Smith, Paul E. "Supply, Wealth Effects, Negative Multipliers, and Stability." 1: 41–62.

———. and Daniel L. Thornton. "The Empirical Significance of the Real Balance Effect." 3: 213–32.

Thornton, Daniel L. and Paul E. Smith. "The Empirical Significance of the Real Balance Effect." 3: 213–32.

Wang, Leonard F.S. "IS-LM Stability and Economic Policy Effectiveness: A Note." 2: 175–79.

Whitmore, Harland Wm., Jr. "Unbalanced Government Budgets, Private Asset Holdings, and the Traditional Comparative Static Multipliers." 2: 129–57.

Woglom, Geoffrey. "Are Period Models Well Defined?" 4: 333–50.

2. Articles by Title

"Adjustment Time and Economic Growth Revisited." Ryuzo Sato. 3: 239–46.

"Are Period Models Well Defined?" Geoffrey Woglom. 4: 333–50.

"A Comparative Dynamic Analysis of a Growth Model Under Alternate Policy Regimes." Masanao Aoki. 1: 1–39.

"Distribution Effects and the Business Demand for Money." George M. Katsimbris and Stephen M. Miller. 4: 287–305.

"Dynamic Monetary and Fiscal Policy and the Government Budget Constraint: A Growth Equilibrium." Stephen M. Miller. 3: 199–212.

"(The) Effect of Inflation Uncertainty on 'Crowding Out.' " Richard Bookstaber. 1: 85–95.
